EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ernest Linek, Reg.# 29822 on 11/1/05.

The application has been amended as follows:

In claim 19:

Line 11, "face of the case" has been changed to --face of the billboard--.

The following is an examiner's statement of reasons for allowance: The claims are patentable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth in claim 19, including all the structural elements recited in the claim with a separate billboard that fits over the case for the reel, and wherein the billboard further comprises a billboard universal adapter that fits over the billboard, and a billboard attachment that attaches to the billboard universal adapter to display a logo. The prior art of record, especially Huang '158, shows a reel incased in a housing with a display logo inserted in between. But the prior art of record fails to show a billboard universal adapter that fits over the

billboard and a billboard attachment that attaches to the billboard universal adapter to display a logo as recited by the Applicant's claimed device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
